

# FARID NAHAIE

Tehran | 0902 500 5958 | faridnahaie@gmail.com

DevOps Engineer experienced in Linux, cloud infrastructure, and automation. Proficient in CI/CD pipelines, container orchestration, and monitoring, with a proven ability to deliver reliable, scalable systems. Quick learner with strong problem-solving skills and a focus on collaboration and continuous improvement.

## EXPERIENCE

### 2023-2024

DevOps Engineer | Aranuma | Tehran

- Designed and maintained CI/CD pipelines to improve deployment speed and reliability.
- Implementing Security best Practices, Linux Hardening
- Automated infrastructure provisioning using Ansible and Kubernetes.

### 2024

IoT Developer | Aranuma | Tehran

- Developed real-time IoT solutions for data collection and processing.
- Integrated lightweight messaging protocols (MQTT) for vehicle tracking systems.
- Collaborated with cross-functional teams to optimize cloud-based IoT workflows.

## EDUCATION

### 2019 - 2024

Bachelor of Computer Engineering | University of Tehran

- Bachelor Project: Real-time data streaming and location tracking for vehicles using lightweight messaging and distributed processing.

## SKILLS

- Linux
- Python, C++, GO, Bash Script
- Git and Gitlab
- OpenStack
- Prometheus and Grafana
- Docker, Containerd
- Kubernetes
- Ansible
- ELK
- Ceph
